

SHAH INTERNATIONAL SCHOOL
SYLLABUS 2019-20
CLASS NURSERY

Dear Parents

Education should be fun and not forced. Any activity done in the spirit of fun is not work at all. Here at SIPS we lay emphasis on play way methodology through various activities like playing, communication with peers and teachers exploring games, music and creative activities. This helps to enhance the various aspects of development like physical, psychological, intellectual, motor skills and so on. Play way method is not strictly structured and documented but is flexible depending on the interest and aptitude of the children. It is spontaneous and allows complete freedom of expression. Assessment of overall skills and aptitude of the child is done by teachers and is communicated to the parents from time to time.

No work will be given as homework, ensure regular practice of the work/ concept taught in the class. There will be no formal exam.

LANGUAGE (ENGLISH)

- To enhance the vocabulary of the children.
- To help the children to understand simple spoken English.
- To enable children to speak in English.
- To imbibe correct pronunciation.
- To encourage the child to write the letters with proper formation.

MATHEMATICS

- To count objects.
- Recognition of numbers.
- To enable children to write numbers with correct formation.
- To enable children to use arithmetic in daily life.

EVS

- To make children aware and sensitive towards their surroundings.
- To help the children to become better individuals by inculcating good manners / habits in them.
- To make them aware of different festivals, their significance and the manner in which they are celebrated.
